```
></h1>  
<p>  
Hey! I'm <strong>Sadiq  
</strong>. Coding  
has changed my world  
. It's not just  
about apps. Learning  
to code gave me <i  
>problem-solving  
skills</i> and a way  
to communicate with  
others on a  
technical level. I  
can also develop  
websites and use my  
coding skills to get  
a better job. And I  
learned it all at  
<strong>SoloLearn  
</strong> where they  
build your self  
-esteem and keep you  
motivated. Join me  
in this rewarding  
journey. You'll have  
fun, get help, and  
learn along the way!
```
